

AMENDMENTS TO THE SPECIFICATION

Change page 1, lines 1-16, as follows:

TITLE OF THE INVENTION

AI METHOD OF MANUFACTURING INORGANIC COMPOUND-COATED PIGMENTS AND
COSMETICS USING THE SAME

CROSS-REFERENCE TO RELATED APPLICATION

This is a continuation application of patent application
Serial No. 09/319,176 filed on June 3, 1999.

FIELD OF THE INVENTION

The present invention relates to a method of manufacturing
pigments having the surface coated with a particular inorganic
compound, and more specifically to a method of manufacturing white
or colored pigments with improved capability for preventing change
of the color caused when wet with water or oil and degradation in
hiding performances thereof. Furthermore the present invention
relates to a method of manufacturing cosmetics with the white or
colored pigment blended therein.
